

Comprehensive

Vision Therapy Center

Infant Child Adult

Patient and provider health and safety are a priority of the Comprehensive Vision Therapy Center during the COVID-19 pandemic. Federal, state, and local governments, including public health agencies, continue to recommend social distancing and other precautions associated with preventing the spread of COVID-19. We are complying with CDC and California Optometric Society recommendations. We have implemented strict safety protocols accordingly for both the safety of our patients and staff. Patients are required to wear masks without netting or vents. We will not knowingly provide services to patients with COVID-19, or highly at-risk individuals.

Penelope S. Suter

I understand that my participation with in-person services/assessment during a health pandemic may result in my contracting COVID-19, which may be spread to myself and my family, which may result in severe illness, hospitalization, and/or death. By signing hereon, I waive liability against and hold harmless the Comprehensive Vision Therapy Center, it's officers, and staff relating to the contraction of COVID-19 of myself, my child, and/or my family.
